Hello My name is Orestes Gueto, I'm addressing you with the respect you deserve.

My case is the following:

On January 27 of this year, my 2008 Nissan Skyline car had an engine problem, I took it to a garage

near where I live, I talked to the garage mechanic pertaining what the cost to fix the damages that the car had,

he went on and said it would have been 650 CI\$, I accepted the offer he gave me so I left the car in his possession,

then the mechanic had problems with the owner of the garage and the owner fired him for that dismissal the time to

fix my car was extended to 5 months in all that time Mr. Williams Gomez the owner of the workshop took responsibility for

my car, I gave him the money for the parts I first handed Mr. William 650 CI\$ for the repairs of the car and then 350 \$ for some spare parts,

then 250 \$ to take the engine heads out for rectification, the last payment was 600 CI\$ after all the collection and waited 5 months to get my

car back on June 2<sup>nd</sup> of this year. I took the car out for a test drive to ensure everything was working well, then the car then broke down after 2 hours

so I that same day I returned it to the workshop again, I spoke with the owner of the workshop again, Mr. William Gomez he told me that he has nothing

to do with my car being damaged again, And then I made the decision to address you in this to resolve this problem legally that Mr. William Gomez to be

responsible for my car or that he returns all my money and the car.

Thank you very much for your attention and God Bless.
